NOTES ON ST. PATRICK'S SCHOOL AND ORPHANAGE.

At present there are 2 Charitable Municipal Grants to St. Patrick's School and Orphanage.

(1) One of Rs. 50/- to the School.

(2) One of Rs. 100/- to the Orphanage.

The grant to the Poor School is to enable me to give a middy meal to poor day scholars, and to provide them with books and school furniture, and in many cases with clothes also. No Government Grant is received under that head, and things are as they have always been. I fail then to see how the question of stopping that grant can possibly have arisen.

With regard to the grant of Rs. 100/- towards the Orphanage, it is alleged, that Government is now supporting Institutions of that kind, and that consequently they are no longer in need of Municipal contributions.

(1) When Government sanctioned a Capitation Grant for orphans and destitute children, they made careful enquiries as to the resources of each Institution, and the Capitation Grant was sanctioned only to supplement already existing grants and private contributions. Their object was to improve the condition of the Domiciled Community. With the increased grant they insisted on several improvements in Orphanages, more especially in connection with diet.

(2) That object is evident from the amount sanctioned for each child, viz., Rs. 8/- monthly. No one will say that, that amount, more especially, if one considers the high price of food stuffs in Bangaloro, is sufficient to feed and clothe an orphan, educate him and supply him with school books and furniture.

(3) Besides, the capitation grant is not sanctioned for <u>all</u>. Last year, for instance, about 35 of my boys were not

included. Some, because of the age limit, others because the necessary funds were not forthcoming.

(4) I may remark that this figure, viz., 35 represents the strength of the orphanage when the first Municipal grant was sanctioned.

(5) In his Report for 1911-12., the Inspector of Schools remarked that, the present grants from all sources, added to private contributions, are not adequate for St. Patrick's School and Orphanage, and when he inspected my Institution, he promised me to recommend higher grants.

(6) The last accounts of my School and Orphanage, properly audited and submitted to the Inspector of Schools, show that with Government and Municipal Grants, and charitable contributions, there was still a deficit of about Rs. 7,000/- which I had to make up out of my own pocket.

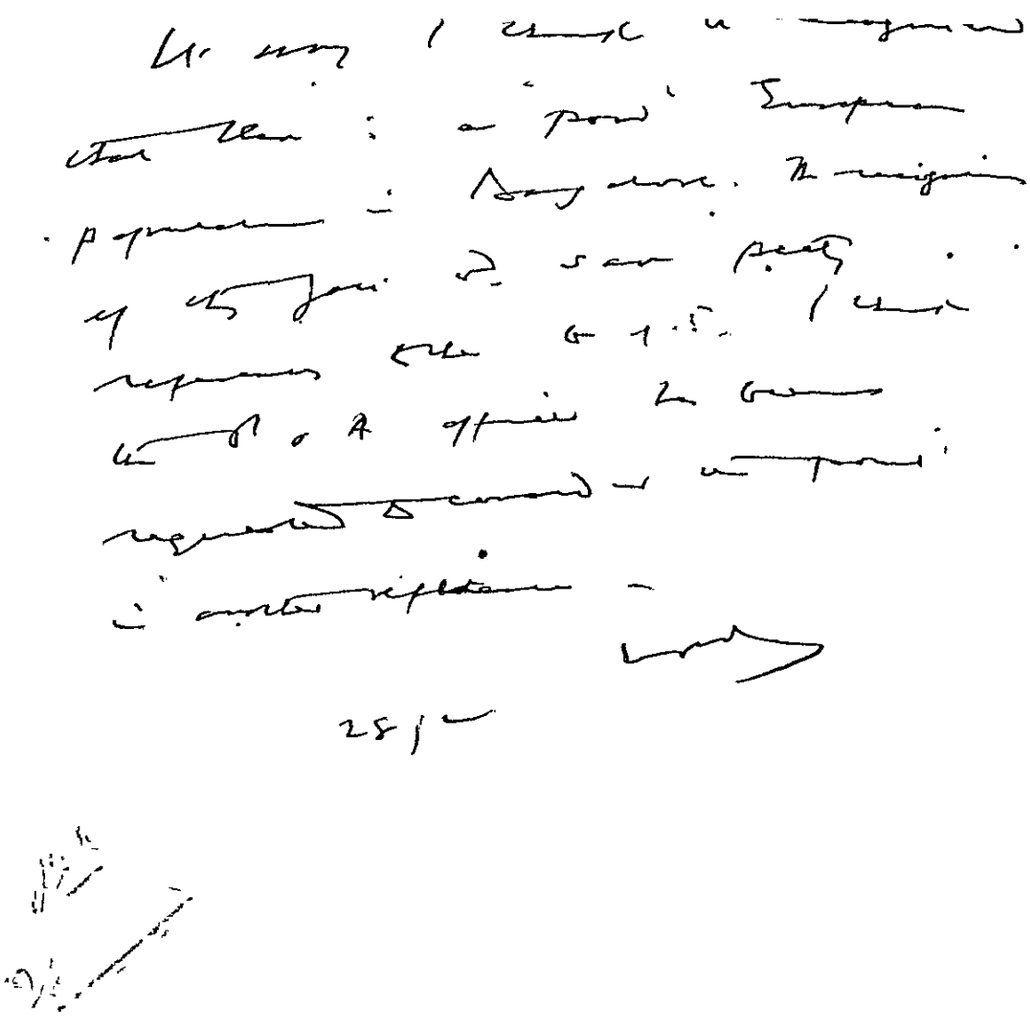
(12) There is a point which requires clearing before draft is sent. Rule 44 & Rule 57 applies. The P. & A. Officer does not give any reason for adopting the method of 44 G.I. Rule 57.



Article 44 (d) of the Code of Regulations for European Schools applies to this case but it should be read along with Article 57. Article 57 lays down that grants under this Chapter (i.e. Chapter V, which includes ~~Art.~~ 44) shall not ordinarily exceed one-half of the total cost etc. In other words (1) Ordinary Grants, (2) Supplementary Grants (3) Fixed Grants (4) Boarding Grants (5) Cadet Grants (6) Special Grants (7) Grants to night school and (8) Building Grants should be given according to the scale fixed in Article 57.

Before the formation of Pay and Accounts Office, the Resident used to sanction full grants in special cases. The A. G., Madras took no objection .

The full grant of Rs.500/- was sanctioned in April 1924 i.e., before the formation of Pay and Accounts Office but the amount appears to have been drawn in December 1924. Therefore the Pay and Accounts Officer objects to this expenditure. The cost of the musical instrument is now stated to be Rs.611-7-7. Even if 2/3rds

2/3rds grant is allowed to the school it will be entitled only to Rs.407-10-4. In any case the sanction of the Government of India is necessary.

Please see sls.184 & 187/130-87 in which the Pay and Accounts Officer has accepted the Resident's view and stated that there is no objection to the Resident's sanctioning a 2/3rds building grant viz., Rs.2495/- to St. Agnes' Poor School, Bangalore. The draft - letter to the Government of India may now issue.

Two of the existing doors can be used again as it is proposed to keep to the same size viz: 3' x 6'. A saving can also be made by using the old wood obtained from the rafters of the existing building as wall-plates. This has not been corrected in the estimate.

Sir,

I have the honour to state that under XXXI A - Education - Secondary - Direct grants to non-Government Secondary Schools - in the current year's Assigned Tract Budget, a sum of Rs.2,300 has been provided for opening a Manual Training class in the St. Patrick's School and Orphanage, Bangalore.

2. Since the management is arranging to get a room in the military building adjoining the school and adapt it for the class, there will be no need for building a shed. Some minor repairs and changes will be required and I am advised that the cost will be Rs.300/- at the outside. For this, however, as soon as I get detailed estimates I shall ask separate sanction. Meanwhile apparatus must be got. For the work benches, almirah and wood-working tools, I estimate the cost at Rs.575/- and for the Manual Training Instructor at Rs.210/- for 7 months at Rs.30/- per mensem. The total cost for the year thus amounts to Rs.1,085 and I request you to be so good as to obtain the Hon'ble the Resident's sanction to its payment to the correspondent

Sir,

I have the honour to enclose herewith an estimate and a plan for the construction of a kitchen and store-room for the St. Patrick's School and Orphanage, Bangalore, and to request you to be so good as to obtain the Hon'ble the Resident's sanction to the grant of Rs.2,087/- being the cost of construction as approved by the A. C. R. E. I recommend a full grant as this is a poor school and the management is unable to bear any portion of the cost. A fly-proof kitchen is quite a necessity. The other kitchen is wholly inadequate and insanitary and was condemned by the Health Officer as well as by myself. (Please see my inspection report on the school for 1922-23 forwarded by the Director of Public Instruction, Madras, to you in his Procs.R.O.P.No.290 D-3/22-23, dated 23-9-1923).

2. The management wish to start a small band in connection with the Orphanage. I support the proposal as it would add some interest to the life of the boys and enable some of them to earn a livelihood later on. The total cost at the time of application was about Rs.500/-, but since the quotations for the frame are rising the cost when the order is actually complied with may amount to more. The Correspondent, however, has consented to bear the increase from the school fund. I, therefore, recommend that a grant of Rs.500/- may be sanctioned or the actual cost if it should be less. The Correspondent expresses inability to bear any part of the cost (except the increase mentioned above), the institution being an Orphanage.

3. The cost will be met from the allotment for building and furniture grants for Secondary Schools for the current year.

In April 1924 Mr. Yates, Inspector of Schools, Coorg and Bangalore recommended the payment of a special grant of Rs.500/- to St. Patrick's School, Bangalore, towards the purchase of a set of musical instruments for the use of the School on the ground that it would add some interest to the life of the boys and enable some of them to earn a livelihood later on. Sir,

I have the honour to enclose herewith an estimate for Rs.1,694/- (as corrected by the Garrison Engineer), for dismantling the boarded ground floor of St. Patrick's School and Orphanage, Bangalore and replacing it with a concrete cement floor. The work is badly needed and the Correspondent wishes to have it done during the holidays.

2. The Correspondent says that he is not able to spend more than a third of the expenditure from school funds. In view of the fact that the institution is an Orphanage dependi entirely on public charity and Government grants, I recommend a two-thirds grant, as a special case, of Rs.1,128-0-0.

3. The expenditure, if sanctioned, will be met from the allotment under "31 B - Secondary - Grant-in-aid, &c. Building and Furniture grants to Secondary Schools" in the current year's Assigned Tract Budget.

Inspector of Schools,

COORG & BANGALORE.

Sir,

I have the honour to state that during the recent rains a large portion of the compound wall in front of St. Patrick's school and orphanage (Brigade Road) collapsed with the result that the remaining part presents not only an unsightly appearance but the whole front of the School and the play-ground is exposed to the public. The portions that are standing being very old are sure to come down during the next rains. I have therefore decided to dismantle the whole and rebuild it in brick and mortar with a granite foundation so that it may last a long time. The cost of the work is estimated at Rs.1422 as will be seen from the enclosed rough estimate. A part of the wall to be rebuilt (210 feet out of 658 feet) is opposite to the cathedral. A sum of Rs. 968-2-8 will therefore be the part to be borne by the School.

As you aware, the School, being a charitable institution has no funds to undertake this work which has been forced upon us by unforeseen circumstances. A reference to records will show you that we have not been troubling the department frequently for building grants. The only grants under this head received

during recent years were Rs. 2087 for the construction of a kitchen and store-room in 1923-24 and Rs. 1128 for renewing the floor of the school building during 1925-26. The present work was unforeseen and has become urgent and unavoidable. In these circumstances I shall be obliged if you will kindly recommend to the Hon'ble the Resident to sanction a full grant towards the work. If funds are not available just at present, I shall try to get the work done with the help of a loan and shall be content to receive the grant at the end of the official year if you should find savings, or else from the next year's budget grants.

I have the honour to be,

sir,

Your most obedient servant,

L. Lanpeeu
